Except to the extent that conflicting procedures are otherwise provided, the procedures in this section shall apply to abatement of nuisances.

(B) Upon determination by the Board of Health or designated official that the owner or occupant of any such real estate has failed to keep the real estate free of nuisances, notice to abate and remove such nuisance and notice of the right to a hearing before the governing body and the manner in which it may be requested shall be given to each owner or owner's duly authorized agent and to the occupant, if any, by personal service or by certified mail. If notice by personal service or certified mail is unsuccessful, notice shall be given by publication in a newspaper of general circulation in the municipality or by conspicuously posting the notice on the real estate upon which the nuisance is to be abated and removed. The notice shall describe the condition as found by the Board of Health or designated official and state that the condition has been declared a nuisance and must be remedied at once.

(C) If within five (5) days after receipt of such notice or publication or posting, whichever is applicable, the owner or occupant of the real estate does not request a hearing with the Municipality or fails to comply with the order to abate and remove the nuisance, the Municipality may have such work done.

(D) If within five (5) days after receipt of such notice or publication or posting, whichever is applicable, the owner or occupant requests in writing a hearing with the governing body, the governing body shall fix a time and place at which a hearing will be held. Notice of the hearing shall be given by personal service or certified mail and require the owner or occupant to appear before the governing body to show cause why such condition should not be found to be a nuisance and remedied. **§4-401 SOLID WASTE DISPOSAL AREAS; LICENSES; APPLICATION PROCEDURE.** (1)

No person, partnership, industry, corporation, governmental subdivision or agency shall operate, maintain or construct a solid waste disposal area of a type that must be licensed by the Nebraska Department of Environmental Control at any place located over any groundwater source that supplies drinking water to the residents of Springfield, Nebraska, either within the corporate limits of the City or within five miles of the corporate limits of the City, except for a solid waste disposal area which has obtained a license as provided for in this section. A person, partnership, industry, corporation, governmental subdivision or agency desiring a license to operate a new solid waste disposal area shall make application to the City. The application shall contain the name and residence of the applicant and the location of the proposed disposal area and a copy of the application, operational plan and all addenda filed with Nebraska Department of Environmental Control. The application shall be filed with the City Clerk. Upon filing the application, each applicant shall pay an application fee of five thousand dollars (\$5,000.00).

(2) Upon receipt of the application and filing fee, the City Council shall hire an independent engineering firm to review the application. The engineering review shall determine what effect, if any, the proposed solid waste disposal area will have on the groundwater that supplies drinking water.

(3) The engineering review shall be available in the City Clerk's office five (5) days prior to the public hearing.

(4) Before any solid waste disposal area shall be approved by the City, a public hearing shall be held by the City Council within forty-five (45) days of the receipt of the application.

(5) The City shall give notice at least ten (10) days before the hearing on the application. Such notice shall be given by publication of a notice one time in a newspaper either published in or having general circulation in Springfield. The notice shall state the time and place of hearing, the name and address of the applicant for the license, and the exact location of the proposed solid waste disposal area.

(6) Within ten (10) days following the public hearing, the City Council shall hold a special meeting and vote on the application for the solid waste disposal license. The City Council shall consider the application, the independent engineering report and the testimony from the public hearing. The purpose of the license is to protect the groundwater that supplies drinking water to the Springfield residents. The license shall be granted if it is shown beyond a reasonable doubt that construction of the solid waste disposal area will not contaminate the groundwater that supplies drinking water to the residents of Springfield.

(7) The initial license shall be for a period of five (5) years and may be renewed every five (5) years for a renewal fee of five hundred dollars (\$500.00).

(8) If the City Council votes to grant the license, the City Clerk shall issue a license to the applicant upon filing by the applicant with the City of a performance bond in the amount equal to five hundred dollars (\$500.00) per acre of the disposal area, but not less than twenty-five hundred dollars (\$2,500.00), which bond shall terminate one (1) year following the last day of the license period or subsequent renewal period.

(9) Any person who shall violate or refuse to comply with the enforcement of any provisions of this Chapter as set forth herein or incorporated by reference shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not more than one hundred dollars (\$100.00) for each offense. A new violation shall be deemed to have been committed every twenty-four (24) hours of such failure to comply. In addition to all other relief, an injunction may be brought against violating parties. A new violation shall be deemed to have been committed every twenty-four (24) hours of failure to comply with the provisions of this chapter.

(2) (a) Whenever a nuisance exists as defined in this chapter, the Municipality may proceed by a suit in equity to enjoin, abate, and remove the same in the manner provided by law.

(b) Whenever, in any action, it is established that a nuisance exists, the court may, together with the fine or penalty imposed, enter an order of abatement as a part of the judgment in the case. (*Ref. 17-505, 18-1720, 18-1722 RS Neb.*) (*Amended by Ord. No. 495, 7/5/00*)
